Shiva Paintstiks

What is a Paintstik?...Artist quality, solid paint in stick form. It can be heat set on fabric for a permanent, washable finish. Use directly on fabric like a crayon, or use textures under the fabric for rubbings (try using the side of the Paintstik rather than the tip). Or take a stencil brush and load it with the paint – blend and brush colours in stencils you purchase or create your own with freezer paper. Check out <http://www.harmonyhanddyes.com/InstructShiva.html> for more information.

Shiva Paintstiks continue to be extremely popular.

A new pattern has been released which includes two mylar stencils:
Coneflower: \$19.99
