Drop Shipping:

for

Grace Frames & Legacy Batting

Every time a distributor ships items to a retailer, the cost of shipping has to increase the cost of the item... and therefore, the cost to the purchaser. The typical method is:

Wholesaler → Retailer → Purchaser

Drop shipping enables the retailer to have the item shipped directly to the purchaser... and thereby eliminating the shipping charges to the retailer. The result is cheaper costs for the purchaser. If you would like to order "bolts" of quilt batting or Grace Frames and accessories, I can check on the cost of the shipping to come directly to you. This enables me to keep my costs down and, of course, **keeping your costs down.**

If you have some friends or your guild would like to order rolls of batting, email or call for shipping costs.

Quilt Show: **Prairie Piecemakers Quilters' Guild** – Regina: Sep 25 & 26, Conexus Art Centre, 10:00 – 5:00
Submissions are being accepted until Sep 7 (or the maximum number of entries are reached)

- Harmony Hand Dyes will have a booth at the show. Come and check out our products. I will be unveiling the TrueCut Rotary Cutting System from the Grace Company.
- Pre-orders for pick-up at the show... **15% discount.** Email your order by Sep 13.

TrueCut Ruler and Cutter (sold separately) check out the Grace website for a video: www.gracecompany.com

Accurate: The Ruler Guide interlocks with the edge of the TrueCut Ruler, letting you make straight, precise cuts every time!

Easy: As you move the cutter effortlessly along the ruler's track, the guide keeps your cutter from veering away.

Safe: The Ruler Guide keeps your fingers safer by preventing accidental slips.

**Rotary Cutter
Sharpener**

We "drop-ship" Grace Frames directly to your street address.

GMQ-Pro

| Machine Quilting | Little Gracie II | GMQ - Pro | Pinnacle | Mini-Pinni | Start Right |
|---|--|-----------------------------------|-----------|------------|-------------|

| Fabri-Fast | ✓ | ✓ | ✓ | ✓ | ✓ |

The **Speed Control** is a foot pedal control replacement to run the sewing machine at the touch of a button. The single prong foot pedal plug-in is the "universal" type however, a three-prong version is available – check for compatibility.

The **Sure Stitch Stitch Regulator** is an accessory that connects to the carriage of the Grace Frame and can sense the speed of the movement forward, backward and sideways. It then regulates the length of the stitch so that if you speed up, the stitch length will shorten, and if you slow down the stitch will lengthen... resulting in "regulated" or more even stitch length. Check out my website or the Grace Frame Co. website (www.graceframe.com) for compatible sewing machines.

- Roll, 120" x 30 Yards (27.4M) only A through J

Shiva Paintstiks

Use directly on fabric like a crayon, or use textures under the fabric for rubbings (try using the side of the Paintstik rather than the tip). Or take a stencil brush and load it with the paint – blend and brush colours in stencils you purchase or create your own with freezer paper. Check out www.harmonyhanddyes.com/InstructShiva.html
